Our school management recognized and appreciated the outstanding academic achievements of the top three students from Classes 10 and 12. As a token of encouragement and support, the toppers were awarded laptops and tablets. This initiative aims to motivate students to strive for excellence and support their further learning through digital resources.

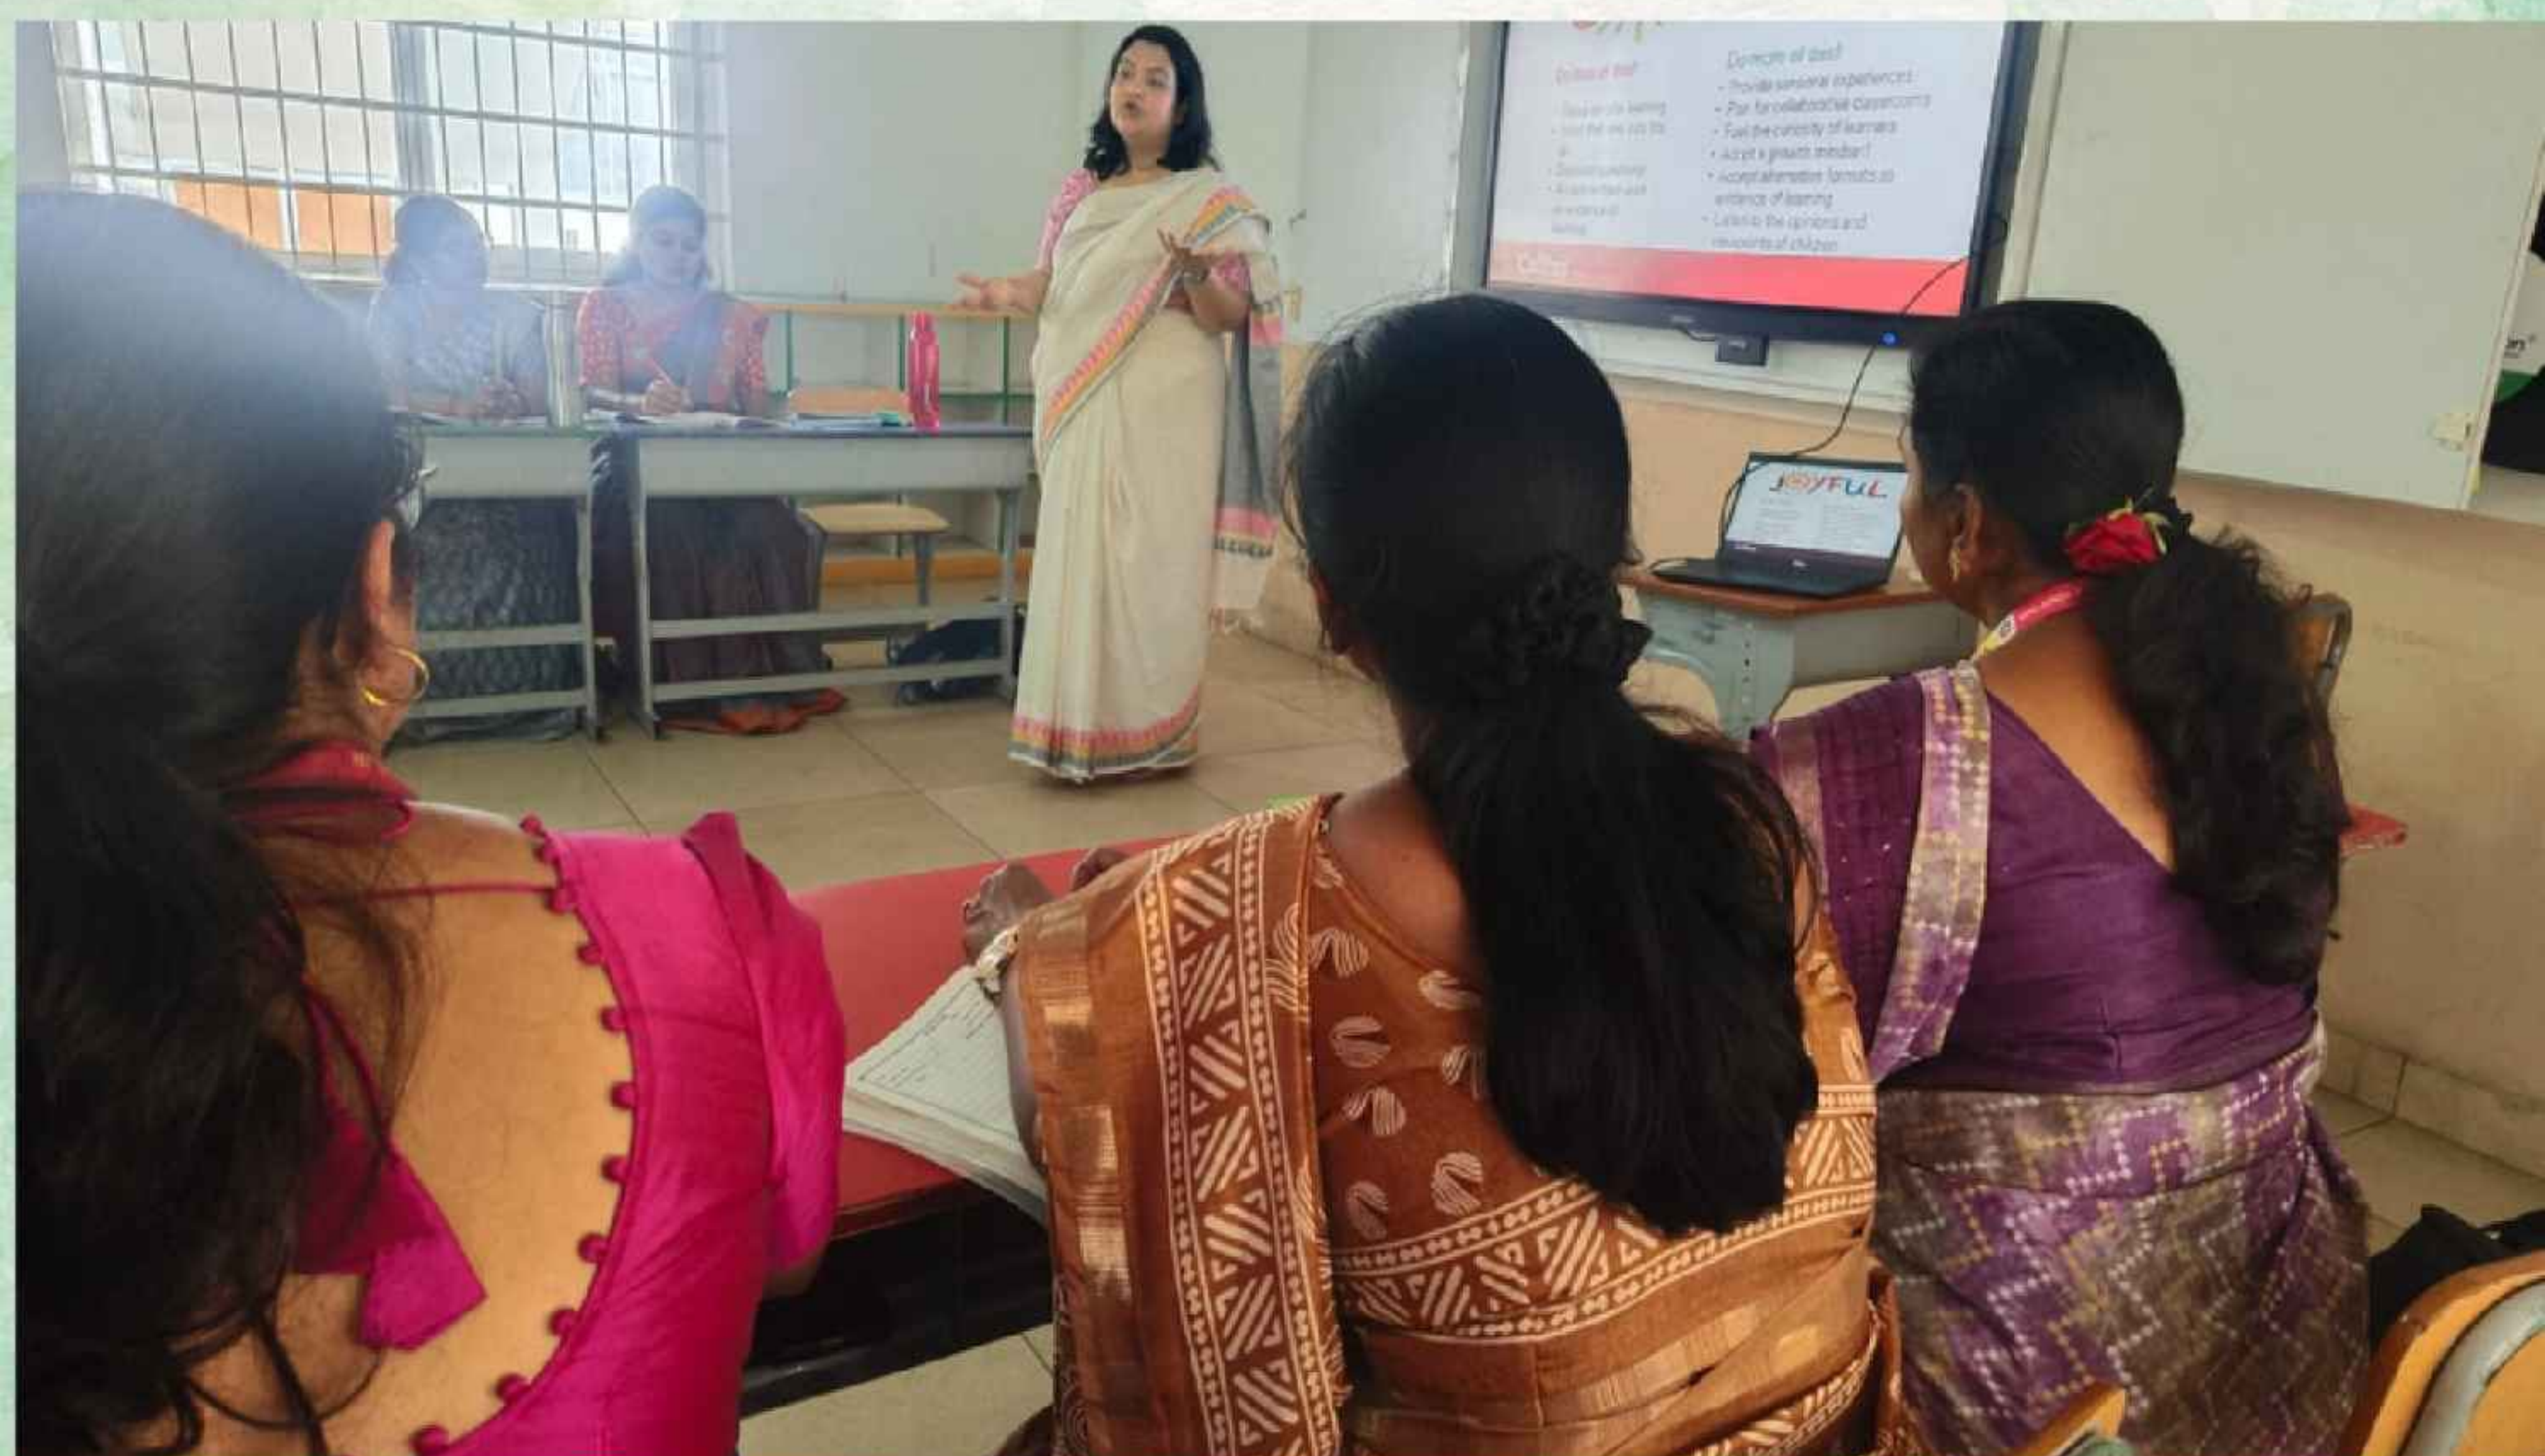

TEACHERS' ORIENTATION PROGRAMME

The orientation programme was held on 01.04.2025 for Grade 1 and 2 teachers. It was designed to familiarize educators with the Collins Smart Start curriculum, pedagogy and its implementation strategies. It provided an overview of the teaching materials, digital tools, and pedagogical approaches recommended by Collins.

Teachers were provided with integrated manuals containing day plans, lesson plans, record sheet templates, and other resources to facilitate an engaging and enriching teaching-learning process.

A SESSION ON ECA TEACHERS' ACTIVITIES FOR GRADES 1 TO 8

The ECA (Extracurricular Activities) Teachers' Session for Grades 1 to 8 was conducted on 05.04.2025. It was an essential gathering designed to enhance the learning experience of students through diverse activities. The aim of the session was to equip teachers with innovative strategies and resources to effectively integrate extracurricular activities into their curricula. By focusing on a wide range of activities that cater to different interests and skill levels, teachers can foster a more dynamic and inclusive learning environment. The session covers various topics such as developing creativity through arts and crafts, enhancing physical fitness with sports, and encouraging critical thinking with problem-solving games. Additionally, it emphasizes the importance of tailoring activities to suit the developmental stages of students from Grades 1 to 8, ensuring each child can benefit from a holistic educational experience. Through collaboration and shared insights, teachers can inspire and motivate students, making learning both enjoyable and impactful.

STEM BIG BANG

We proudly hosted the Chitti Big Bang Show on 06.04.2025, an exciting science extravaganza specially organized for students from other schools. Over 100 enthusiastic students participated and witnessed live, thrilling science experiments that made learning unforgettable!

The show featured:

- **DB Meter** – Measuring sound levels and exploring the world of acoustics.
- **Canister Rain** – A fun chemical reaction causing mini "rain showers."
- **Fire in Hand** – A spectacular yet safe display of controlled combustion.
- **Watermelon Blast** – Demonstrating explosive forces in a fun and messy way!
- **Centripetal Board** – Showing the magic of centripetal force and motion.
- **Coanda Effect** – Exploring how fluids interact with surfaces.
- **Resonance Tube** – Creating standing sound waves and observing resonance.
- **Acetone Gas Rocket** – Launching mini rockets powered by simple chemical reactions!

Students were amazed by the powerful demonstrations and left with a deeper curiosity about the wonders of science. The event was a grand success, sparking with excitement and scientific thinking in young minds.

WORLD HEALTH DAY

On 07.04.2025 World Health Day was organized with great enthusiasm during the morning assembly. The theme focused on promoting healthy living and making smart food choices.

The program highlights included:

- **Pledge:**
- All students and teachers took a solemn pledge to prioritize their health by eating nutritious food, staying active, drinking plenty of water and avoiding junk food.
- **KG Song Performance:**
- Our Kindergarten students gave an adorable performance by singing a lively song about the importance of avoiding junk food and choosing fruits, vegetables, and healthy snacks instead. Their energetic singing and actions brought smiles to everyone's faces!
- **Speech:**
- A student delivered an inspiring speech emphasizing the significance of good health, balanced diet, regular exercise, and healthy habits. The speech also highlighted how small daily choices can lead to a lifetime of wellness.

The event served as a reminder that "Health is Wealth", and encouraged the whole school community to adopt a healthier lifestyle.

TREKKING

Our hostel students embarked on an exciting trekking expedition to the nearby mountain on 13.04.2025 as part of their weekend outdoor activity program. The event was designed to promote physical fitness, teamwork, and a love for nature among the students.

Early in the morning, the students, accompanied by hostel wardens and sports teachers, set off for the trek. The journey was filled with enthusiasm and energy. As they climbed, the students admired the scenic beauty of the surroundings, lush greenery, cool breeze, and the chirping of birds created a refreshing atmosphere.

Along the way, students learned about different plants, local wildlife, and the importance of preserving nature. Teachers shared motivating stories about endurance and the spirit of adventure to the students.

Upon reaching the summit, a sense of achievement lit up every face. Students spent some time at the top, enjoying snacks, clicking group photos, and participating in a few fun team activities before descending safely.

The trekking experience not only built physical stamina but also strengthened the students' bond with nature and each other. It was a memorable outing that the students will cherish for a long time.

SKILL TEST

LaPIS Skill Test in collaboration with Learn Basic for students of Grades 7, 8, and 9 was organized on 16.04.2025 . The test was aimed to assess students' conceptual understanding and application skills in Mathematics and Science. Students participated enthusiastically, solving a range of questions that tested their critical thinking, problem-solving ability, and subject knowledge. The test was designed to identify their strengths and areas for improvement, preparing them for higher academic challenges.

Key highlights:

- **Mathematics section focused on logical reasoning, basic calculations, and real-world application problems.**
- **Science section evaluated understanding of core concepts, scientific reasoning, and practical application skills.**

The assessment was conducted in a smooth and systematic manner. Students found the test both challenging and engaging. Teachers appreciated the initiative, as it provided valuable insights into the students' academic progress and helped to plan further support and enrichment activities.

CBRL

TROPHY REVEAL

Our school, proudly hosted the Title Winner Sponsorship Ceremony for the upcoming Crickbeez Premier League. It was a moment of great pride and excitement as the championship trophy was revealed for the first time during the school assembly.

The unveiling was done by our esteemed Academic Director and Principal, amidst cheers and applause from students and staff. The magnificent trophy symbolized not just victory but also the spirit of sportsmanship, teamwork, and excellence that Nalanda stands for.

By sponsoring the title winner award, Nalanda School has reinforced its commitment to encouraging young talent, promoting sports and supporting holistic development.

The assembly buzzed with excitement, and students felt truly inspired to participate actively in sports and aim for greater achievements both on and off the field.

It was a proud and memorable day for the entire Nalanda family!

ORIENTATION PROGRAMME BY MADHUBUN PUBLICATIONS

Madhubun Publications organized an orientation programme on May 5, 2025 aimed at empowering Social Studies teachers with new methodologies, resources, and pedagogical tools. The event focused on enhancing classroom engagement, integrating modern teaching aids and promoting best practices in social science education. Attendees appreciated the interactive sessions and valuable insights shared by experienced educators and resource persons.

Summer Camp 2025

This year, our school hosted an exciting Summer Camp from April 21,2025 to May 15,2025 that attracted over 150 students, both from our school and other institutions. The camp offered a variety of activities, combining fun, creativity, and skill-building, ensuring a holistic experience for all participants.

The students had the opportunity to explore and engage in a wide range of activities, including:

- Sports and Physical Activities: Skating, Swimming, Volleyball, Handball**
- Creative Arts: Mandala Art, Face Painting, Glass Painting, Making Bangles, Origami, Clay Modelling**
- Academic Enrichment: Phonics, Skill Sprouts, Grammar, Public Speaking**
- Performing Arts: Singing, Drawing, Handwriting**
- Self-Expression: Mehendi, Nail Art**
- Indoor Activities : Chess, Carrom**

Throughout the camp, students were not only encouraged to have fun but also to learn new skills, build confidence, and explore their creative talents. The diverse activities helped them discover hidden talents, improve coordination, and develop life skills such as teamwork, communication, and problem-solving.

Our dedicated camp coordinators and trainers ensured that every activity was engaging and enriching, creating a positive environment for learning and growth.

The camp was a huge success, leaving students with unforgettable memories and new friendships, as well as new skills to take forward in their academic and personal lives.
